

Beware of Scams

We would like to caution members of the public of a recent scam using fake HSBC letterhead as approval letter for personal loan. It has come to our knowledge that such letters were provided by bogus individuals/contacts on social media. Victims of the scam were required to pay certain fees or money as deposit for opening an account to disburse the personal loan.

Members of the public are reminded not to deal with unknown persons in social media who claim to be HSBC staff or agent of HSBC. If in doubt, reference can always be made at the nearest HSBC branch.
